This is a group focused on the person of the therapist as a key instrument in facilitating change. Because of this the group size will be kept to a functional minimum. For this reason your commitment to the group shall be reflected in your continuous dedicated attendance. It is preferred that participants commit themselves for one whole year of groups to avoid disrupting the group process. Groups are limited to a maximum of ten members. If more participants express interest, more than one group will be created. Group membership is closed.

The group will evolve monthly as a supervision group based on caseload presented by participants. Be ready to role play, discuss, draw genograms, and use any therapeutic or reflexive activity that may enhance our understanding of the case being reviewed. You can also use the group, or part of it, as a consultation group in which you bring your client and allow the group to act as a reflecting team behind the one way mirror. This is a very powerful way of learning.

There will be readings that will be recommended to maximise the learning. So please be prepared to spare some time for reading during the month.

So please do understand that by signing this you will be committing yourself to the group for approximately one year from September 2016. Dates are the following:

2016 September 17th, October 22nd, November 26th, December 17th

2017 January 7th, February 4th, March 18th, April 15th, May 13th, June 17th, July 8th
